Hi Rich/Suddha,

I hope things are working out reasonably well in Dimock. I know you guys have your hands completely full but was wondering if you do decide to eventually sample the **Ex. 6 - Personal Privacy** residences on Meshoppen Creek Rd., could you collect Isotech samples from these locations. This would be of great interest to us. We could cover the cost of these Isotech samples under our study if the cost could not be covered under your study (e.g. you could send them to us and we would submit them).

Thanks.

Ralph
